JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

ing to the system adopted by the United States Bureau of Animal Industry. The provisions of this ordinance shall be construed to apply to all meat sausages and chopped meats.

**Milk and Cream—Bacterial Standards. (Ord. Oct. 28, 1913.)**

An ordinance entitle "An ordinance establishing a sanitary code for the town of Montclair," passed April 9, 1907, is hereby amended as follows:

Article 8, section 7 (b) by adding thereto "No pasteurized milk that contains over 10,000 bacteria per cubic centimeter shall be sold or offered for sale or delivered in the town of Montclair."

Article 8, section 8, by adding thereto "No unpasteurized cream that contains over 300,000 bacteria per cubic centimeter and no pasteurized cream that contains over 100,000 bacteria per cubic centimeter shall be sold, or offered for sale or delivered in the town of Montclair. Cream that has been pasteurized must be labelled in the manner hereinbefore prescribed for labeling pasteurized milk."

Any person violating any of the regulations above set forth shall, upon conviction thereof forfeit and pay a penalty of \$25 for each offense.

**MORRISTOWN, N. J.**

**Milk—Tuberculin Test of Dairy Cows Required. (Reg. Bd. of H., July 14, 1913.)**

*Be it ordained by the board of health of the town of Morristown, That subdivision (f) of section 6, article 12 of the sanitary code regulating the production and sale of milk be amended so as to read as follows:*

(f) No milk shall be sold or offered for sale or distributed in the town of Morristown unless the cows from which it is obtained have within one year been examined by a veterinary whose competency is vouched for by the State veterinary association or other proper authority; and no license for the sale or delivery of milk within the limits of the town of Morristown shall be issued to any person, firm or corporation after September 1, 1913, unless the applicant or applicants for such license has filed with the board of health a certificate of such veterinary that the cows from which the milk to be sold or delivered have been tested with tuberculin. Such certificate shall be accompanied by charts showing the reaction of each individual cow of the herd and a license may be withheld or revoked, unless it shall appear to the satisfaction of the board that all cows which react have been removed from the premises occupied by the herd.

No cows may be added to the herd of any licensee unless certificates of satisfactory tuberculin tests of said cows have first been filed with the board of health.

**MOUNDSVILLE, W. VA.**

**Milk and Cream—Production, Care, and Sale. (Ord. Aug. 11, 1913.)**

SECTION 1. No milk shall be received, held, kept, offered for sale, sold, or delivered in this city without a permit in writing from the clerk of said city issued by him by order of council and subject to the conditions imposed by council.

SEC. 2. No milk which has been watered, adulterated, reduced, or changed in any respect by the addition of water or other substance, or by the removal of cream, shall be brought into, held, kept, offered for sale, or sold at any place in this city, nor shall anyone keep, have, offer for sale, or sell in this city any such milk. The term "adulterated," when used in this section, means:

First. Milk containing more than 88 per cent of water or watery fluids.

Second. Milk containing less than 12 per cent of milk solids.

Third. Milk containing less than 3 per cent of fats.
